DOSAGE AND ADMINISTRATION

Dosage to be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

PREPARATION GUIDELINES

Sprinkle Vitapro onto food and stir in well.

For liquids – mix Vitapro into a paste with a little liquid, gradually add the remaining liquid into the paste stirring continuously.

Add 1 - 2 scoops per serving.

1 scoop weighs approximately 5g and provides 4g of protein

Suggestions on how to use Vitapro are available on request.

IMPORTANT NOTICE

Not to be used as a sole source of nutrition.

To be used under medical supervision.

Not for intravenous use.

Not suitable for people with a lactose or milk protein intolerance.

STORAGE

Store in a cool, dry place.

Once tub is opened use within one month.

PACK SIZE

250g tub / 2kg tub

ACBS APPROVED
